KEY HIGHLIGHTS:

- Developed 2 real-time web applications
- Knowledge in Java, Python & MySQL
- Hands-on experience in backend development

CAREER OBJECTIVES:

Motivated Information Technology student with knowledge in Java, Python, and Web Development. Passionate about building real-world applications and seeking an opportunity to contribute to innovative projects while enhancing technical expertise.

EDUCATIONS:

B.Tech Information Technology (2023 – 2027)

J.P. College of Engineering, Agarakattu

CGPA: 8.4/10

HSC – 81% (2023)

SSLC – 90% (2021)

TECHNICAL SKILLS:

Programming: Java (Basic), Python (Basic)

Web: HTML, CSS, JavaScript

Database: MySQL

Framework: FastAPI

Tools: VS Code, Git

PROJECTS:

AI Interview Practice System

- Developed a web-based application using FastAPI and HTML
- Generated interview questions dynamically
- Improved interview preparation experience

College Event Management System

- Built a web application using Node.js and MySQL
- Implemented features like user registration and event listing
- Applied backend concepts to manage event and user data
- Simplified event registration process

INTERNSHIP:

Java Full Stack Development Intern

- Vinsup InfoTech, Ayikudy | Duration: 3 Months
- Developed frontend and assisted backend integration, gaining full stack experience

React Developer Intern

- J.P. College of Engineering, Ayikudy | Duration: 10 Days
- Developed basic UI components using React.js
- Learned component-based architecture and state management

CERTIFICATIONS:

Mobile App Dev, Full Stack Web Dev, AI – Microsoft, Data Science – Infosys

ACHIEVEMENTS:

- Secured 3rd Prize in Technical Paper Presentation Competition (2025)
- Solved 100+ coding problems on HackerRank
- Achieved O Grade in 4th and 5th Semester

CO-CURRICULAR ACTIVITIES

Participated in Smart India Hackathon 2024 and presented a technical paper at National Symposium (2024)

LANGUAGES:

Tamil (Fluent)

English (Basic)
